22 May

Deputy Asst Director, C & D

Implementation of NIA Dir No. 7 and CIG Dir No. 18

1. In the interests of bringing the record up to date, please report whether any action has been necessary so far in connection with Internal Operating Procedure Memorandum No. 13. I am pretty sure from past conversations that no case of the type referred to in par. 1 c of Colonel Wright's memorandum of 18 February has occurred. However, it is probably a good idea to put a statement on record about now.

2. Has ICAPS been conducting meetings of the type referred to under par. 2 a?
